

DIMS (Drug Information Management System)

A product of ITmedicus

REGISTRATION FORM FOR DIMS ONLINE GATEWAY ACCESS

DIMS drug database - the most up to date and comprehensive source of locally approved drug information.

DIMS Gateway Online:

DIMS has a powerful and flexible "Online Gateway" engine that enables quick access to comprehensive and relevant information of your company products for adding, editing, updating and correcting your company drug information. Pharmaceutical company can incorporate their own formularies into DIMS Gateway to increase wide accessibility of shared information through a single resource platform.

Some of the key benefits of DIMS Gateway Online include:

All name of your brand can be incorporated by yourself. You will able to edit, add, delete and update your existing drug brands, their strength, formulation and price & package.

When you have new or upcoming products that are waiting for doctor's prescription, you can add them in advance.

You can also view and add any new or missing products, can request or suggest on your products.
